

Norcool –Cave 55 Wine Drawer

Norcool Cave 55 is a wine cooling system for serious wine lovers. Its built-under big-capacity design features a specially created soft-close drawer system for easy access. This makes wine selection an effortless and enjoyable process. Its large internal capacity allows the connoisseur to store up to approximately 55 standard 75 cl bottles of wine, using two temperature zone technology to select your required temperature between 8°C to 12°C in the lower zone and between 15°C to 18°C in the upper zone, creating the perfect drinking temperature for red and white wine.

The Cave 55 won the Award for Design Excellence from the Norwegian Design Council.
