Drawer fridge G3

- Perfect for the modern kitchen
- More space
- Easier access to your foods
- LED lights and digital thermostat
- Choose between matte black, steel or integrated front

Product information

The new generation of the drawer fridge is the perfect solution for modern, minimalist kitchens with open areas, and offers plenty of worktop space. It lets you store your foods directly below the worktop, in a spacious unit that is simple to integrate into your kitchen design. The drawer fridge has two large drawers that provide a complete overview of your foods, keeping them conveniently at hand right where you prepare your meals. Choose between a matte black front panel, one in stainless steel, or go for the same finish as your other kitchen units. Brilliant!

Drawer fridges free up space and make more room in the kitchen.

Product advantages

- Perfect for the modern kitchen
- Provide worktop space access to perishables easily
- Maintain the neat, low lines in the kitchen
- A practical solution for wheelchair users
- Choose between a matte black front, one in stainless steel, or match the kitchen units
- Temperature range: 2-10°C
- Two large drawers and a cold cut drawer
- LED lights and digital thermostat
