

RS90A1

## Integrated French Door Fridge, 900mm, 525L

Fisher & Paykel fridge freezers are designed to seamlessly integrate into your kitchen. With this model you have the choice of purchasing a stainless steel panel or customising to your own cabinetry.

Integrated

## Dimensions

Depth	610
Height	<sup>A</sup> 1797
Width	<sup>B</sup> 896

## Features & Benefits

### ActiveSmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your fridge and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

### Simple storage

This fridge is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

### Clever energy

Your fridge adapts to daily use by cooling and defrosting only when needed. This ActiveSmart™ technology means better energy efficiency without compromising on food care.

### Easy cleaning

Spill-safe secure glass shelves easily capture any drips or leaks and prevent them from falling on items below.

### Easy installation

Our integrated products are easy to install, whether you are renovating your kitchen or designing a new one. They are designed for minimal gaps with adjustable front and rear feet to allow for uneven floors alongside adjustable door panels that can be customized to match your kitchen.

### Design quality

Our fridges are designed and built using quality materials. We use solid glass for our fridge shelving.

## Specifications

### Accessories
